

Greetings unto the populace,

From recent conversations it has become clear that a couple of points need to be clarified.

1 - The herald's office is still functioning and available for consultation on request. I have simply stopped the monthly open houses that no one was attending anyway. If any one wishes assistance or answers to specific questions I am still available to provide answers or at least point you in the right direction.

2 - It is up to the person wishing to submit a name or device to fill out and send in the final paperwork. I can advise, consult, point out references and research answers for you but the final paperwork must be from your hand sent directly to lion's blood. This is to minimize the potential for confusion or work going astray.

Also, I am officially giving notice that I am looking for someone to take over the office of herald. I will stay on as needed until the office is filled but would like to step down as soon as possible. Anyone interested in taking over the position should contact me at woodward@islandnet.com or 385-6763.
